School Security Policy

A School Security Force has been appointed to enhance the safety of both the students and the employees. The School Security Force at this school consists of the Chief Security Officer (School Owner) and the Chief School Officer (School Director).

A written report will be made to address complaints made to Security Personnel. In the event that outside help should be called in (i.e. local Police, Sheriff's Department, Federal Officers, etc.), the School Security Force shall cooperate with said agencies and investigations to the best of their abilities, and within the scope of school policies.

The School Security Force has the authority to check all persons on the school property to determine the legitimate presence, and to escort unauthorized person to the proper office or off the school property. While on School property, students are encouraged to avoid being alone in isolated areas, lock vehicles and personal belongings and report suspicious activities or persons.

Certain areas of the School facility are not open to the public and are considered to be restricted. Individuals who wish to visit restricted areas or persons in such areas must first obtain permission through either the admissions officer or the administration office. Visitors to the school classrooms or laboratories must check in with the School Security Force. The School Security Force maintains security during open hours.
